

**Superior Quality.
The Tubspa® Advantage.**

For more than 30 years, Canadian Hot Tubs has been a leading manufacturer of custom hot tubs and hot tub covers. Crafted in Kitchener, Ontario, we are renowned for our quality materials, expert workmanship and superior customer service.

Deep Soaking

Standard 4' height provides the deepest soaking experience, so you can enjoy the feeling of hot water right up to your neck on those cold winter nights.

Natural Beauty

Fitting beautifully in your backyard deck or patio, the Tubspa® will turn heads. Available in either round or oval exterior shape, our cedar hot tubs have a timeless look that will always be in style.

Solid Warranty

Canadian Hot Tubs come with a 10 Year Comfort Liner and Tub Warranty* to be free from defects in the manufacturing workmanship. The spa pack comes with a two year warranty against manufacturer's defects.

* Refer to Canadian Hot Tubs for specific terms, exclusions and limitations.

Energy Efficient

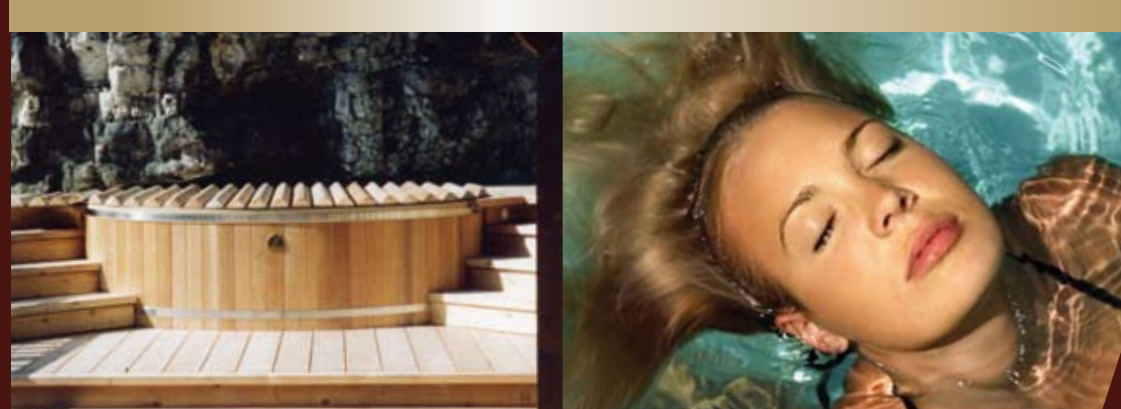

Economical and efficient, thick quality wood and the polyfoam insulation combined with the support system ensures heat loss is minimal.

Easy Installation

Shipped worldwide as all inclusive kits, hot tubs are predrilled – making installation quick and easy. Installation manual and video are included.

Natural Beauty. Ultimate Relaxation.

The wonderful aroma of cedar. The rich texture of the grain. The gorgeous colour of the wood. The appeal of our wooden hot tubs is undeniable.

Echoing the beauty of nature, their pristine properties set them apart from all other options on the market. Our cedar hot tubs blend into any indoor or outdoor environment.

For more than 30 years, Canadian Hot Tubs has been constructing deep soaking hot tubs using high quality Canadian cedar or pine and expertly handcrafted parts that are engineered for total body relaxation.

Classic Covers®. Precise Fit.

Manufactured onsite by Canadian Hot Tubs, the beautiful CLASSIC COVERS® are the perfect option for any hot tub.

Customized to fit, compact and easy to handle, CLASSIC COVERS® can be conveniently rolled away in seconds.

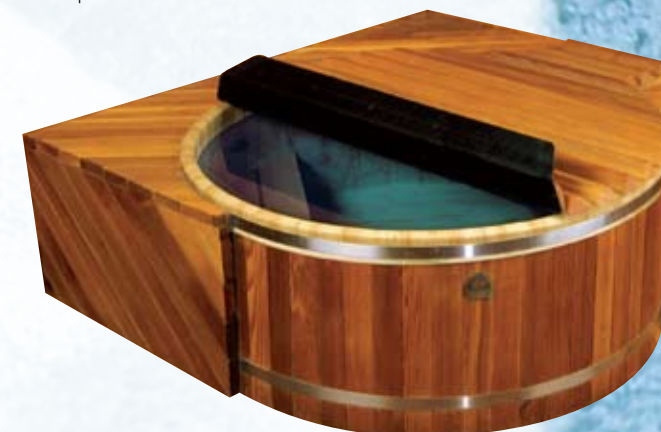

CLASSIC COVERS® are sold in all sizes to fit Canadian Hot Tubs' product lines. We can also **custom** craft a cover to perfectly fit any hot tub or spa, making them the ultimate option for those tired of struggling with bulky, heavy and often waterlogged foam hot tub covers.

Energy Efficient

State of the art materials increase energy efficiency by sealing heat and humidity in and can be used both indoors and outdoors.

Safe and Secure

CLASSIC COVERS® are built with safety in mind: They're strong enough to walk on and child protection locks can be easily added to protect little ones.

Sophisticated Engineering.

Quality materials and precision workmanship, combined with solid engineering, ensure the TUBSPA® family of hot tubs has the durability to last a lifetime.

- Well-constructed and energy efficient – Unique computer engineered tongue and groove, convex-concave, beveled exterior (B.C. clear cedar or white pine) retains heat and acts as a natural insulator
- Easy to assemble kit can fit through any door – or have it professionally installed for you.
- Blends seamlessly indoors or outdoors

calming

Spectacular Design. Soothing Hydrotherapy.

With 4, 6 or 10 full-size hydrotherapy jets, TUBSPA® provides you with all the water motion you will need for the ultimate hot tub experience.

Support System

Each TUBSPA® is complete with a top-line high efficient power and filter system, proven to keep you in clean, hot swirling water.

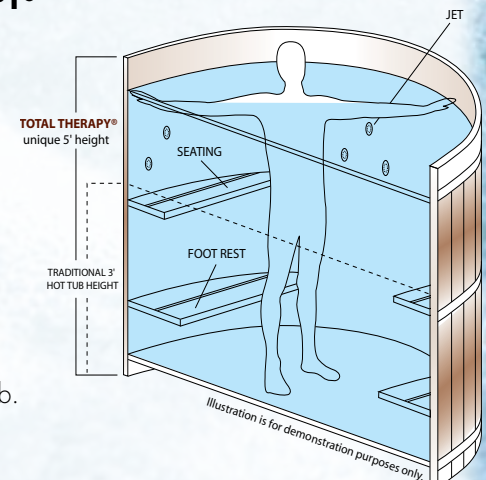

- 220 volt, 40 amp (GFCI required)
- 1 hp, 1.5 hp or 3 hp 2-speed motor and pump
- ELM digital spa pack with digital control and 5.5 kw heater
- 25 sq/ft cartridge filter
- Easy access to all working parts & filter

Only on the Tub for Two:

- Plugs into a standard 110 volt outlet

TOTAL THERAPY®

Enjoy the benefits of hydrotherapy, while either standing and exercising or sitting and relaxing with the unique 7' round and 5' of height with the TOTAL THERAPY® Hot Tub.

Unique Approach. Custom Options.

Ensure a more personal hot tub experience. Unlike many acrylic hot tubs, Canadian Hot Tubs can be fully customized – from jets and benches to overall size.

- Dimensions can be customized to fit most spaces.
- Seats can be positioned at your desired height.
- Number and location of jets are entirely up to you. Add extra jets for more powerful, swirling hot water.
- The Seat Bubbler is designed for luxurious tubbing.
- The TUBSPA® Light, a multi-color LED, will light up your tub and enhance the hot tubbing experience.
- Our woodgrain liner makes your liner resemble the warm outside grain of the wood.
- The Ozonator provides added peace of mind, and reduces chemical requirements.
- Digital topside control for ease of operation.

soothing

Modern Living.

There's no such thing as stress when you're deep soaking in a hot tub this beautiful. Jets pulsing exactly where you want them. Hot water bubbling at just the right temperature. It feels like thousands of massage therapists' fingertips working at once.

Canadian Hot Tub's signature line of hot tubs provides significant advantages over other hot tubs: offering the natural beauty and warmth of wood with the easy maintenance of a vinyl liner.
